Career Objective

Computer Engineering student with experience in full-stack web development using React.js, Node.js, MongoDB, and SQL. Skilled in building responsive applications and REST APIs through academic projects and internship experience. Seeking an opportunity to contribute to a software development team and grow as a developer.

Education

Bachelor of Science in Computer Engineering at Lebanese International University (LIU), Bekaa, Lebanon

October 2024 - August 2027

Computer Engineering student with coursework in software engineering, data structures, algorithms, database systems, web development, computer networks, and object-oriented programming.

- Developed full-stack web applications using React.js, Node.js, MongoDB, and SQL
- Applied software engineering principles through academic and personal development projects.
- Experienced with Git, GitHub, Postman, Vercel, and modern web development workflows.

Experience

Web Developer Intern at [Multi-Aid Programs \(MAPs\)](#), Taanayel, Bekaa, Lebanon

June 2025 - September 2025

Contributed to the development and maintenance of responsive web applications using modern frontend and backend technologies. Collaborated with team members to deliver user-focused digital solutions and improve application performance

- Developed responsive web applications using HTML, CSS, JavaScript, React.js, and Tailwind CSS.
- Assisted in backend development and database integration using Node.js and MongoDB.
- Improved website functionality and performance through debugging, testing, and optimization.
- Collaborated with cross-functional teams to analyze requirements and deliver effective software solutions.

Skills

Programming Languages: Java, JavaScript, SQL, HTML5, CSS3

Frontend Development: React.js, Tailwind CSS, Bootstrap, Responsive Web Design, UI Development, Component-Based Development

Backend Development: Node.js, Express.js, REST APIs, Server-Side Development, Authentication & Authorization

Databases: MongoDB, SQL, Database Design, CRUD Operations

Development Tools: Git, GitHub, Postman, Vercel, VS Code, Antigravity

Software Engineering: Object-Oriented Programming (OOP), Data Structures & Algorithms, Debugging, Testing

Soft Skills: Problem Solving, Team Collaboration, Communication, Time Management

Projects

Social Media Platform • [Live Demo](#) • [GitHub](#)

June 2026

Developed a full-stack social media application that enables users to create accounts, share posts, interact with content, and connect with other users. Built a responsive and modern user interface with secure backend functionality, authentication, and database integration

Cinema Booking Platform • [Live Demo](#) • [GitHub](#)

March 2026

Developed a full-stack cinema web application that allows users to browse movies, view details, and interact with a modern booking interface. Built using React.js, Node.js, Express.js, and MongoDB with responsive design and database integration.

Developed a full-stack bakery and cafe web application with a modern responsive interface. Built using React.js, Node.js, Express.js, and MongoDB with frontend-backend integration and database management.

Languages

Arabic - Native

English - Fluent

Certificates

Web Design & Front-End Development Certificate from Multi-Aid Programs (MAPs)

September 2025

Completed 104 training hours in Front-End Development, covering HTML, CSS, Bootstrap 5, Tailwind, JavaScript, and React. Developed practical web development skills through hands-on projects and training.

Code to Career Training Program from Multi-Aid Programs (MAPs)

September 2025

Completed 32 hours of professional training covering Agile & Scrum, Software Development Life Cycle (SDLC), GitHub, CI/CD, AI Tools, WordPress, and Freelancing.

Higher Education Guidance Programme from MOSAIK NGO

September 2025

Successfully completed a career and academic development program focused on higher education planning, professional growth, and career readiness.
